Math 210 Quiz 4 / Monday, September 22, 2008 / David Dumas

(1) What was the most important thing discussed in lecture today? Describe it with at least one full sentence.

(2) What aspect of the course so far are you most satisfied with?

(3) What aspect of the course so far are you *least* satisfied with, and how would you change it?

(4) The lecture on Wednesday, October 1 will be devoted to review for the first midterm exam. In your opinion, what would be the best way to use this class time? (Answering questions? Working problems? Outlining the material so far? Something else?)
